WORKFLOW

Our typical work process that we follow for a seamless experience

1

ONBOARDING

Our goal is to understand the requirements of the outsourcing firm to be able to provide bespoke solutions.

2

PLAN

Implement a strategic plan that aligns with the original vision and assist firms in achieving goals.

3

TRAINING

Assign a subject matter expert and organize one on one training sessions to understand the business operations in detail.

4

ACTION

Brainstorm with the subject matter expert and commence the workflow in the agreed direction.

5

QUALITY CHECK

Once our expert concludes the workflow, a quality check will be performed to ensure initial objectives are achieved.

6

DELIVERY

Once feedback is incorporated, our expert team will keep performing the accounting services in loop and this will be an ongoing process.
